

# RÚBEN ARAÚJO

## SCIENCE COMMUNICATION, COORDINATION & OUTREACH

- Strategic coordination and communication of scientific activities across academic, industrial, institutional, and public audiences.
- Extensive experience in organising and moderating national and international scientific events, workshops, conferences, and training initiatives.
- Invited speaker and session moderator in academic, professional, and educational contexts, addressing diverse audiences (students, engineers, clinicians, researchers).
- Leadership in science dissemination and community building through IEEE and EMBS, fostering collaboration between universities, research centres, industry, and public institutions.
- Design and facilitation of participatory and co-creation activities in educational, academic, and outreach contexts.
- Strong engagement with digital communication, content structuring, and knowledge translation to non-specialist audiences.

## RESEARCH EXPERIENCE (Biomedical / Clinical)

**Researcher – Instituto Superior de Engenharia de Lisboa (ISEL)** Oct 2017 – Present | Lisbon, Portugal

- Coordination of biomedical research activities, supervision of MSc students, interdisciplinary collaboration, dissemination and institutional reporting.

**Studentship – Fundação para a Ciência e a Tecnologia (FCT)** Nov 2021 – Nov 2025 | Lisbon, Portugal

- Doctoral research in clinical biomedicine with strong focus on translational impact and communication of results.

**Researcher – Comprehensive Health Research Center (CHRC)** Nov 2021 – Present | Lisbon, Portugal

- Participation in collaborative clinical research networks and dissemination of biomarker-based research outcomes.

**Principal Investigator – Instituto Português da Face (IPF)** 2020 | Lisbon, Portugal

- Leadership of an applied biomedical research project, including coordination between industry and university-based research hubs, data analysis, and scientific publication.

## PUBLICATIONS (2020-2025)

- Peer-reviewed manuscripts: 30 total (first author: 9; co-authored: 21).
- Quartiles: 13 Q1, 13 Q2, 2 Q3, 1 Q4.
- Topics: Infectious diseases, critical care mortality, COVID-19, nephrology, transplantation rejection, genotoxicity, extracellular vesicles, embryo viability, bioactive food compounds.
- Patent: PT120761 (2025): Infection Diagnosis (INPI, Portugal).
- Complete list with DOIs and PDFs available for download at: [rubenaraujo.org/cv](https://rubenaraujo.org/cv)

## RESEARCH PROJECTS

- Participation in 8 funded research projects as: Researcher, Principal Researcher, Founder.
- Combined funding across projects: ≈1 million Euros.
- Domains: clinical metabolomics, biomedical devices, infection diagnostics, critical care, TMJ regenerative solutions, nephrology, machine learning applied to clinical medicine.
- Institutions involved: NOVA Medical School (NMS), ISEL, Centro Hospitalar Universitário de Lisboa (CHULC), Instituto Superior Técnico (IST), Instituto Português do Sangue e da Transplantação (IPST), Instituto Politécnico de Lisboa (IPL).

## EDUCATION

**PhD in Biomedicine – NOVA Medical School (NMS)** 2021 – 2026 | Lisbon, Portugal

**MSc in Biomedical Engineering – ISEL** 2017 – 2019 | Lisbon, Portugal

**MSc in Mechanical Engineering (Maintenance & Production) – ISEL** 2007 – 2011 | Lisbon, Portugal

**BSc in Mechanical Engineering – ISEL** 2002 – 2007 | Lisbon, Portugal

## METHODS & OPERATIONAL SKILLS

|                  |                      |
|------------------|----------------------|
| Data Literacy    | Analytical Reasoning |
| Reporting        | Content Production   |
| Workshops        | Project Management   |
| Python / R / SQL | Power BI / Tableau   |

## LANGUAGES

- Portuguese – Native
- English – C1 (IELTS + Cambridge)
- Norwegian – B1 (Aftenskolen)
- Spanish – B1 (Instituto Cervantes)
- French – Basic

## ACADEMIC LEADERSHIP

- Erasmus Student Coordinator (ISEL) | 2018-2019
- Founder, EMBS Student Branch (ISEL) | 2018
- Chair, IEEE Student Branch (ISEL) | 2017-2018
- Class Representative Bio. Eng. (ISEL) | 2017-2019

## AWARDS & SCHOLARSHIPS

- FCT PhD Studentship | 2021-2025
- First in Class (PhD) | 2023
- Research Scholarship (ISEL) | 2021
- Merit Scholarship (Ministry of Education) | 2021
- First in Class (MSc Bio. Eng) | 2020

## ENGINEERING EXPERIENCE

- CEO – Memory Particle (Portugal) | 2017-2018
- Lead Mechanical – Brøvig (Norway) | 2016-2017
- Life Cycle Engineer – MH Wirth (Norway) | 2014-2015
- Project Engineer – Aker Solutions (Norway) | 2012-2014
- Mechanical Design – Siemens (Portugal) | 2011-2012

*Note: Senior engineering experience in large-scale, multidisciplinary and multinational industrial projects, involving coordination across diverse technical teams, communication with multiple stakeholder groups, and interface with executive-level decision makers.*
