

RÚBEN ARAÚJO

INNOVATION, TECHNOLOGY TRANSFER & INTELCTUAL PROPERTY

- **National patent application: PT120761 (2025) – Infection Diagnosis (INPI Portugal).**
- Developed **technical, regulatory, and commercialization roadmap** for a clinical diagnostic solution (hardware + software integration); identified informed consent and regulatory barriers affecting IP valorization pathways.
- **Contributed to international patent application:** PCT/PT2025/050006 – Prognostic Method for Determining Probability of Allograft Rejection.
- Experience supporting **patent drafting**, prior art positioning, and translational feasibility discussions.
- **Industrial R&D experience** contributing to documentation supporting engineering-level IP protection (Siemens, Aker Solutions, MH Wirth).

RESEARCH PROJECT & FUNDING

- Participation in **7 funded R&D projects** (Portugal 2020 / FEDER / FCT).
- Combined funding volume: ~€1M.
- **Roles:** Researcher, Principal Researcher, Co-founder.
- Experience operating within **EU** (Portugal 2020 / FEDER) and FCT funding frameworks.
- **Institutional collaborations:** NOVA, ISEL, CHULC, IST, IPST, IPL, Fundação Champalimaud.

RESEARCH EXPERIENCE

- ISEL: Coordinated biomedical R&D activities and interdisciplinary collaboration; supervision and institutional reporting.
- NMS: Doctoral research with translational focus; patent filing and commercialization pathway development.
- IPF: Integration in clinical research networks and biomarker innovation initiatives.

ENGINEERING & INDUSTRIAL R&D

- Experience in large-scale industrial R&D environments involving structured documentation, regulatory compliance, and technical design validation contributing to industrial IP generation.

PUBLICATIONS (2019-2025)

- 30+ peer-reviewed publications (13 Q1); full list available at rubenaraujo.org/cv.

EDUCATION

PhD in Biomedicine – NOVA Medical School (NMS)	2021 – 2026 Lisbon, Portugal
MSc in Biomedical Engineering – ISEL	2017 – 2019 Lisbon, Portugal
MSc in Mechanical Engineering (Maintenance & Production) – ISEL	2007 – 2011 Lisbon, Portugal
BSc in Mechanical Engineering – ISEL	2002 – 2007 Lisbon, Portugal

INNOVATION & TECH TRANSFER

Intellectual Property & Patent Processes
Research Commercialization
Business Model Structuring
EU & National Research Funding Programs
Project & Innovation Management
Stakeholder Engagement
Public-Private Partnerships
Regulatory & Institutional Interface

ANALYTICAL & TECHNICAL TOOLS

Python / R / SQL
Reporting & Documentation

LANGUAGES

- Portuguese – Native
- English – C1 (IELTS + Cambridge)
- Norwegian – B1 (Aftenskolen)
- Spanish – B1 (Instituto Cervantes)
- French – Basic

ACADEMIC LEADERSHIP

Erasmus Student Coordinator (ISEL)	2018-2019
Founder, EMBS Student Branch (ISEL)	2018
Chair, IEEE Student Branch (ISEL)	2017-2018
Class Representative Bio. Eng. (ISEL)	2017-2019

AWARDS & SCHOLARSHIPS

FCT PhD Studentship	2021-2025
First in Class (PhD)	2023
Research Scholarship (ISEL)	2021
Merit Scholarship (Ministry of Education)	2021
First in Class (MSc Bio. Eng)	2020

ENGINEERING EXPERIENCE

CEO – Memory Particle (Portugal)	2017-2018
Lead Mechanical – Brøvig (Norway)	2016-2017
Life Cycle Engineer – MH Wirth (Norway)	2014-2015
Project Engineer – Aker Solutions (Norway)	2012-2014
Mechanical Design – Siemens (Portugal)	2011-2012

Note: Senior engineering experience in large-scale, multidisciplinary and multinational industrial projects, involving coordination across diverse technical teams, communication with multiple stakeholder groups, and interface with executive-level decision makers.
